

Tool Instruction

- Overview of tool components

What you need to do

- In this design stage, you have **15 minutes** to design and iterate your design over and over until you can help your client find his/ her dream chair.
- You will have **1 minutes** after the deadline to finish up before you are forced into next stage.
- After this stage, you will be asked to pick **1 final image** that best represents your ideal chair design for your client.

A screenshot of a web browser displaying a blank image gallery page. The browser window has a thin red border. At the top, the address bar shows the URL 'http://localhost:3000/'. The page itself has a light gray background. A dark gray header bar at the top contains the text 'Image Gallery' on the left and a small dark gray square button with a white heart icon on the right. The main content area is mostly empty, with the text 'Image Space' centered in a large, dark gray font.

Design Space

Type a prompt to describe the chair you want to generate...

Dimensions

- Aesthetic
- Sustainability
- Functionality

Style Tags

- Minimalist
- Neutral
- Clean Lines
- Eco-friendly
- Durable
- Ergonomic
- Lightweight
- Sturdy
- Scratch-resistant

+ Add New Dimensions

Here, **dimension** refers to a board design concept, such as Aesthetic, Sustainability, and Functionality.

Image Gallery

Under each **dimension** such as “Aesthetic,” you could have a group of design subcategories like modern, classical, minimalism, etc.

Design Space

The design embraces a minimalist aesthetic.
